HENRY C. WICK, III, A.B.
Yale University
Director

MR. HENRY WICK, the Director of Judson School, is one of the busiest persons on the campus; his great experience in handling students keeps the school running smoothly.

After graduating from Yale University in 1934 and spending two years in business, Mr. Wick taught at Palo Verde Ranch School in Arizona until 1938 when he joined the Judson faculty. During World War II, he served as a Naval gun fire spotter with the armed forces in the Pacific area. The end of the war brought Mr. Wick back to Judson where he soon became the Director.

Extremely popular with everyone at Judson, Mr. Wick is the guiding spirit behind the success of the school. His helping hand is always extended, he is friend and like a father to all the students.

DAVIS M. ASHLEY
Harvard University
Business Administrator

MR. DAVIS ASHLEY, the school's administrator, keeps the business affairs of Judson running smoothly throughout the year.

Mr. Ashley attended Phillips Exeter Academy and Harvard College. He served in the Army for four years, and directly thereafter joined the Judson School, becoming a Co-director in 1952.

Mr. Ashley's interest in the problems of the students, his constant good humor and his patience have been and will continue to be, a steadying influence at Judson.

DAVID W. WICK, B.S., M.Ed.
University of Arizona
Headmaster

WITH A FLASHING SMILE that immediately makes him one of Dale Carnegie's prize missionaries of good will, a stalwart member of the Judson triumvirate directs the traffic of academic proceedings each day. No one can go through a year without meeting and knowing David Wick. He is a self-made magnet for students' personal predicaments and with a willing and sincere spirit, he finds a profound solution to the most complex situations.

Few people are familiar with his colorful past and present activities. After graduating with his B.S. in engineering at the University of Arizona, '43, he masterfully catapulted his way to the rank of captain in an armored calvary unit which fought with the First Army in Europe. His military obligations ending with military Government in Bavaria. Mr. Wick became a teacher of Science and Mathematics at Judson. During his teaching career, he obtained the much honored Master's Degree in Education, specializing in Secondary School Administration. In 1955 he assumed his present position of college adviser and Headmaster of Judson School.

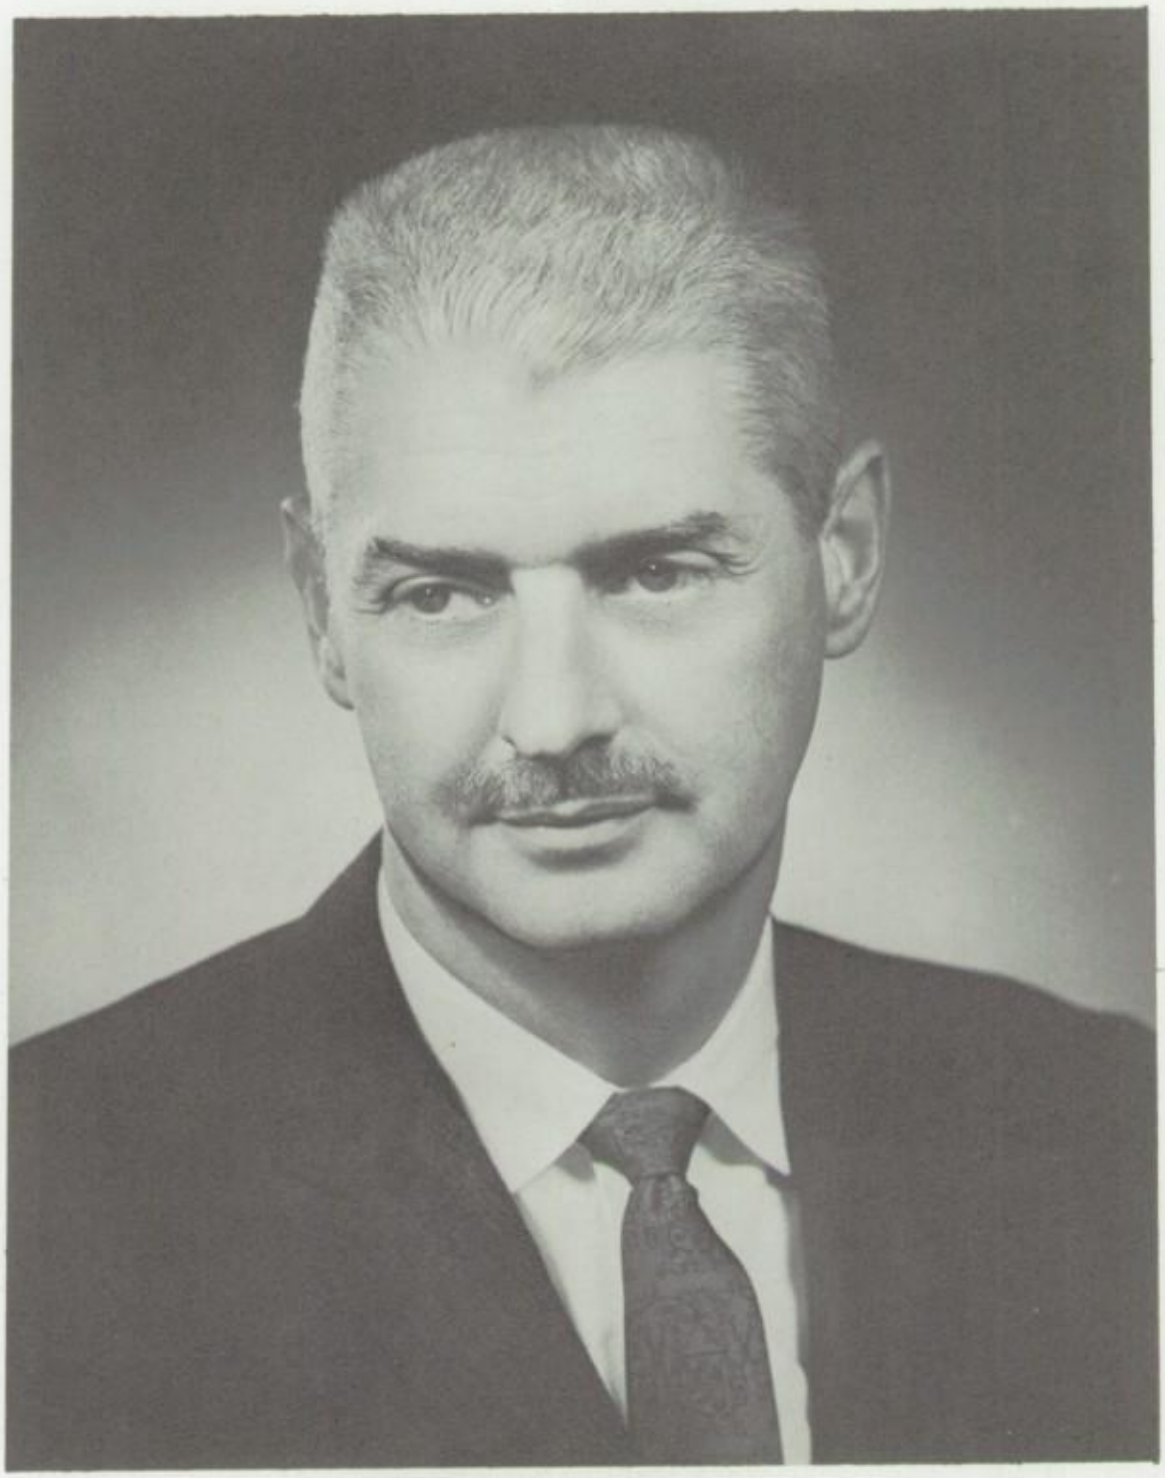
It is significant that Arizona, the Land of Contrasts, be the home of a man with such varied talents and interests as Dave Wick. Outdoor recreation in the form of polo, boating, and fishing, is a way of life for him. In every field of scholastic and athletic pursuit he is an example for student excellence.

WILLIAM O. WICK
Arizona State University
Campus Supervisor

THREADING HIS WAY each day through the maze of rushing students and white-faced buildings, a young man of thirty-four earnestly goes about his job of checking attendance and issuing discipline. Although the campus supervisor in many schools is a man of short temper and ill humor, Judson is fortunate in having a cheerful and enthusiastic member of the Wick clan.

Bill Wick is himself, a graduate of Judson School's educational system. His college education was interrupted by World War II. He volunteered his services for two years with the Marine Corps. After fulfilling his military duties, he completed his higher education at Arizona State University and joined the Judson faculty in 1957.

Acting as the bulwark of our disciplinary program, Bill Wick has done an outstanding job of maintaining order while permitting maximum personal freedom. For some students his presence is an ominous sign of trouble, but for the vast majority he remains a respected symbol of good will and kindly intentions.



MR. DANA RUSSELL

BECAUSE of his patience and understanding, because of his concern and personal interest in Judson students, because he represents a standard of excellence, we gratefully dedicate this yearbook to one of the most beloved and respected teachers at Judson . . . Mr. Dana Russell.

Mr. Russell has unselfishly sacrificed his own time to help and counsel Judson's students to attain high moral and academic goals. Describing such a man could not be done in a few phrases. If we must, however, Chaucer has come closest with his immortal line "and gladly would he learn and gladly teach."

Administrative Personnel

THE HUB of administrative activity is the office. General and specific questions are answered daily relating to schedules, grades, allowances, permissions, athletic and social events, travel plans and the numerous situations arising in connection with our school community. One has the immediate impression that the office functions efficiently and enthusiastically to serve the best interests of our students.

HERE AT JUDSON, qualified adults develop our abilities, broaden our knowledge, and mold our thoughts. The desires of our instructors of English to maintain the high standards of their profession motivate them to greater levels of achievement in their personal educations; many have earned advanced degrees or are constantly striving toward that end. Their personal ambitions and enthusiasm regarding subject matter, inspire students likewise to obtain all possible benefits. After school hours they give time and energy as sponsors and advisors of organizations.

For those students with special scientific interests, an adequate preparation for further studies at the college level is offered. There is a continual effort on the part of the instructors to encourage initiative and responsibility on the part of each student in his particular area of scientific interest.

Foreign Languages

THE FOREIGN LANGUAGE DEPARTMENT of Judson School is one which is preeminently qualified to reach its assigned goal: imparting to its students a basic and working knowledge of a foreign tongue. Many of the teachers have not only had many years experience at Judson, but have also had many years of residence and study abroad. The students of Judson are indeed fortunate to have such a language staff at their service. The value of it has been shown numerous times in the past by the outstanding accomplishments of our students on the Achievement Tests and later in the colleges of their choice.

HERITAGE from the past and world problems of the present, man in civilization summarize the studies of social sciences. Stimulating discussions on controversial, international problems, led by the comments of students and quotes from "Newsweek" and "U.S. News and World Report," textbooks for the course, earmark the development of international relations. A course in American Government further instructs students in affairs of their nation; the Constitution, qualifications for the Presidency, power of the courts, and the Declaration of Independence, embryo of our own United States.

Unselfish Service

VICKIE SOLINGER, MARILYN KUSCHE, MRS. MAYBELLE LIGHTFOOT

AT JUDSON there are some positions which are perhaps less conspicuous than others, and the faculty members who perform these duties receive little publicity and expect no praise. A certain amount of patience, understanding, and devotion is required to execute their work successfully.

In later years one may look back on his high school days and realize that all of his education was not obtained in the formal classroom or from text books.

In the library one may explore and find some philosophy, idea, or truth which may change the course of his life. Most of the worthwhile thoughts and ideas of the great thinkers throughout the ages have been recorded for the convenience of those who are interested enough to seek them. Handy reference books are also invaluable to the student in preparing special reports for classroom work as well as for research and further study on a particular subject.

A course in typing is important, as it enables a student to prepare a neat, legible paper, saves time for him and his instructor, and usually commands a better grade for the winter. Most college classes require typewritten papers, so the student who learns to type well in high school has a distinct advantage upon entering college, both scholastically and financially.

Music appreciation courses can open new vistas for a high school student. Studying the masters' lives, listening to their compositions, and being able to identify them, all add to one's pleasure throughout life and gives one a little culture which might not have been acquired otherwise. And for those who desire to take a more active part, glee club and piano lessons are offered.

Study hall may often be considered routine or a necessary evil. However, there one has the opportunity to receive help and guidance, to acquire good study habits, to learn to cooperate, conform to rules, and get along well with people.

These things should all be a part of one's education.

Dormitory Life

FOR EIGHT MONTHS of the year our assigned dormitory becomes our "Home-away-from Home." At first the rooms all seem to look alike, but very soon they begin to take on a bit of our own personalities. A picture of Mother and Dad, a girl-friend, (or maybe two or three), a chaste calendar, a few pin-ups, and there you are. All set!

Wet get up at seven A.M., eagerly, reluctantly, or resignedly, according to our various dispositions. After a hearty breakfast, we return to our rooms, make our beds, and tidy things up before the inspection bell rings at eight-twenty.

EACH DORMITORY has its own master, or housemother, who sleeps on the premises. Some of the rooms are models of cleanliness and order, while others reflect rather a blythe and care-free spirit.

A few of us like to be alone, but, for the most part we are a gregarious group. We enjoy visiting around in the evening after the study hall. We play Ping-Pong on the large tables in the halls of the dormitories, or cards, or chess. We enjoy each others records, whether they are Spike Jones, Pinza, Ragtime or Rachmaninoff, before it's time for showers and "Lights Out."

Health and good estate of body are above all gold, and a strong body above infinite wealth
— Bible.

IN THIS BUSY LIFE WE LEAD, perhaps many of us fail to fully appreciate how important good health really is. The staff of nurses, always vigilant and concerned, devotes its time and efforts to keep the students strong and healthy. For those who need medical attention, doctor's appointments are made, transportation provided, prescriptions filled, and medication given as required. A clinic, with a doctor on duty, is held once a week for those requiring medical attention or examination. While no one actually anticipates illness, it gives one a certain feeling of security to know that provisions have been made to meet the emergency should it occur.

THE ELEMENTARY SCHOOL is a very busy part of Judson. From the time the buses come in the morning til the time when school is out, many youngsters are busy in their departments. The students partake in all the activities from athletics to the Christmas plays. Their teachers work with them in all fundamentals of learning and have the opportunity of watching progress at work. Their program is so wide and varied that the students are eager to accept what there is to be learned.

The Corral

THE RIDING DEPARTMENT takes quite a staff of people to run it efficiently. If one has ever counted the number of rides that are taken out in a day and the number of students that ride per day, the students are really fortunate in partaking in this program. The staff is made of qualified people to teach and work with youngsters, their patience being of great importance. Riding goes on everyday except Sunday annd when the rains come. (Which isn't too often.)

Equitation is taught in both Western and English riding and the students are able to advance to such degrees as barrel bending and jumping. All day rides and overnight rides are made throughout the year. We also take picnics in the fall with a four mule wagon team. Roping is very active here too, with Judson belonging to the Roping Association.

THE CAFETERIA WORKERS DO much toward keeping many things in school running smoothly and efficiently. They are people behind the scenes who you seldom hear about. It is because of them that there is something to eat every noon. These people help out in many student affairs, such as dances, dinners and other activities. We owe them a vote of thanks for the fine job they have done during the past year.

His friends all feel that they can count on him for a helping hand at any time and he deserves the popularity he has won. We hate to see him graduate, but know that his future holds much success.

To The Seniors . . .

MOST OF YOU will be leaving Arizona soon, but few will be able to cast off her spell. No salem witch ever practiced black-magic more devastating, or quicker to take effect, than the magic of the Desert. Laugh, if you will, but just try to escape. Years from now you'll still remember the bluest sky you'd ever seen; the funny plants with thorns and odd names and such beautiful blossoms; Four Peaks covered with snow while you watched in shirt sleeves in the warm Valley Of The Sun; the ever-changing moods of the treeless mountains; Camelback silhouetted against an Arizona sunset; riding through the desert at twilight. Yes, and you'll remember other things too numerous to mention. Still not convinced? Just wait and see!

Terry Leonard, **Secretary**—Kathy Simpson, **Treasurer**—George Grandin, **Vice President**—Barbara Wood, **President.**

Organizations and Clubs

Student Council

Standing — Willie Wooten, John Florez, Hank Alrich, Nick Clabaugh, Pete Ladd, Fred Vordermeier. **Seated** — George Alrich, Barbara Wood, Sally Dallis, Pat Funk, John Duhe.

YEARLY each class elects those members which it has chosen to represent it in Judson School's Student Council. Their goal is to achieve a more efficient student government, and better faculty-student relations by trying to make the desire to have a clean and well run school come from the student-body itself. With these goals always foremost they are continuously bringing the requests of both the faculty and the students before the Council.

The Student Council then elects among itself those whom they believe will be their most willful and able leaders. It is these few who maintain the organization and effective order of the Council. Without their dedicated work and unselfish service the Student Council could never approach the achievement of their goals.

John Duhe, Vice President, Nick Clabaugh, President, Hank Alrich, Secretary, Pete Ladd, Treasurer

The Elementary Student Council

Seated — Arthur Pearce, Barbara Jones, Craig Milum, Kathy Jones, Carol Darrow, Alan Holbrook, Jay Wick. **Back Row** — Jeff Van Wagenen, Stephen Johnson, Sally Armstrong, Reid Woodward, Marcia Smith, Jocelyn Williams, Mrs. Maynard, Gary Gilbert.

THE JUNIOR STUDENT COUNCIL was organized in September, 1958. The purpose of this organization was to put into practice some form of Student Government.

The Council is composed of two elected members from each of the classes of 3rd to 8th grades. The members are elected because of high principles of behavior and character. They bring to the Council meetings which are held bi-monthly, ideas and suggestions to maintain a high standard at Judson.

The Council has sponsored programs in the past three years such as Three Minute Speech Contests, Poetry Appreciation, Poster Contest, and Spelling Champion Contest to select a representative for the United States National Spelling Contest.

The Officers are: President, Reid Woodward, Vice President, Marcia Smith, Secretary, Sally Armstrong

Community Service Club

Front Row — Marty Frost, Melinda Mitnick, Jo-Ann Anderson, Adrienne Aron. **Back Row** — Terry Leonard, Valerie Shakespeare, Barbara Wurts, Bobbie Kadish, Kay Galbreath, Sally Miller.

THE COMMUNITY SERVICE CLUB started this year, is open to all junior and senior day student girls. It was formed to help the community by doing charitable work. The club holds regular meetings and decides upon a current project, such as working at the Arizona Crippled Childrens Home, giving a party for the Orphanage or making gifts and toys for the children's wards at Phoenix Hospitals. The C.S.C. has gotten off to a wonderful start and we hope it will continue as an active part of Judson.

The Cactus Staff

Mr. Morris, Robin Marley, Hank Alrich, Chuck Foster

FROM THE DAY that school began until the day that the final dummy of the 1961 yearbook was sent to the printer, the staff members have been rushing against the final deadline to finish gathering, cutting, writing and organizing the material in this book. This year the Cactus staff has endeavored to publish the biggest and best annual that students have ever purchased.

Standing: Ann Pederson, Sallie Miller, Adrienne Aron. **Seated:** Bobbie Kadish, Peggy Goldwater, Barbara Wurts, Terry Leonard

Pete Ladd, Jay Funderburg, John Duhe, Shirley Fenix, Julia Hiatt, Jack Lagergren, Pat Funk

LAYING OUT PAGES, checking pictures, writing copy, meeting deadlines are just some of the activities engaged in by the Cactus staff while they work to finish the Cactus. Putting the annual together is no easy task, but it gives students an opportunity to express themselves and create the finished product. But all the headaches and hard work are worthwhile on publication day.

K. Strong, Sherry Knox, Martha Seitz, E. E. Moe, Penny Youngblood, Shirley Fenix, Kathy Simpson, Virginia Wolfe.

1961 MARKS the third year Judson has participated in the Girls' Athletic Association (G.A.A.) This organization is not only interested in those who are willing to promote and further an interest in activities for girls. Sportsmanship is the key note of all its members. The main function of this club is to forward school spirit, to render service to the school and to back our teams in every way possible. This year there has been a great turnout of girls who wish to take part in this organization. We sincerely hope that this interest continues in forthcoming years at Judson.

It's a good thing Judson has fine big girls that can hold up the team.

Social Club

Front Row — Sue Blue, Phyllis Conn, Jackie Michelson, Joyce Klein, P. K. Strong, E. E. Moe, Chris Cohagen, Jane Wilson, Lolli Gardner. **Middle Row** — Jay Funderburg, Paul Groesse, Jack Lagergren, John Duhe, John Spence, Bob Moody, Bill Dick, Jack Kolberg. **Back Row** — Julia Hiatt, Pat Funk, Margret Svejcar, Betsy Rockett, Sandy Gilmore, Melinda Merryweather, Cathy Ellis, Shirley Fenix, Anne Porteus, Sandy Schmidt, Alice Gardiner, Nan Coulter.

THE SOCIAL CLUB was organized in 1957 for the purpose of a better organization of school social activities and to promote school spirit. The Social Club, under the sponsorship of Miss Arlene Goodhart, has been the backbone for all the larger social functions this year. Such activities as the Halloween and Football dances, The Inauguration of our lovely queen, Miss Linda Thode, and our spectacular Christmas Prom could not have been successful without the tireless effort put into them by this organization.

We feel that the Social Club has been a tremendous success this year and sincerely hope that the future members will uphold the standards set.

David Wick presents the Valley Forge award to William J. Gunkel

AFTER THE TURN of the century there was a rapid growth of attendance in schools all over the country. With this growth there was added to the curriculum many outside or extracurricular activities, which helped to give the student a well-rounded education. Gradually, however, these extracurricular activities seemed to be taking the spotlight while scholarship was given a backseat. Students weren't interested in studying anymore. There was no honor or recognition given to those who did.

In 1919, at a principals' meeting in Chicago a certain principal brought this problem to the attention of the convention. The result was that two years later the National Honor Society was formed.

Judson's charter is the Philomathian Chapter — one of over 6,000 in the United State. It was granted in 1955. Upon receiving the charter, the school is then entitled to take 15 per cent of each graduation class into the chapter. Five per cent of this quota may be elected in the junior year. This is done in order to create a spirit of competition and to give those who didn't make it at the first, a "second chance."

COUGAR

THE JUDSON SCHOOL newspaper, the **Cougar**, formerly known as the **Cholla**, got off to a slow start. As the year progressed, however, the Cougar hit its stride in covering activities around the campus. Special stories of interest included reports on the innovation of touch football and boxing at Judson and commentaries on happenings in the world and events on the Judson campus. Of special interest to the student body were features such as the crossword puzzle spotlighting persons and places on campus. The literary section maintained its high standards with special editorials on many subjects by staff members. The paper was skillfully edited by Chuck Foster and his select staff with the guidance from Mr. Russell, faculty advisor.

Judson Griders Wallop Tempe J.V.'s 28-0

Marching onward with the Cougar victory banner in competitive football, the Judson gridders crushed the Junior Varsity team of Tempe High School 28-0 on November 10.

Playing on the Tempe home field, Youree's fighting eleven got off to a fast start with Norman Bll's 45 yd. touchdown run around right end in the first quarter. Russ Henry secured the extra point with a beautifully timed catch of a pass from Bell. Later in the quarter, Bell connected with a pass to Nick Clabaugh who carried the ball 20 yards to Tempe's one yard line. Junior halfback Pete Dallis rammed through the center of the line for the score. Missing the extra point attempt, Judson led 13-0 at the end of the first quarter.

Cougar Greets New Faculty Members

We are pleased to welcome as new members of the Judson staff ten teachers with exceptionally fine backgrounds.

Mrs. Josephine Powell is working with our kindergarten group. She recently was with the Arizona State University experimental school.

Mrs. Emily Chappel is our third grade teacher. She comes to us from Tutor Hall.

Mrs. Chappell's formal education was obtained at Baylor University.

Mrs. Elizabeth Fox, who teaches eighth grade, taught six years in Indiana before coming to Arizona. She studied at Indiana University and Butler University.

ON TUESDAY AND THURSDAY afternoons, melodies from Rodgers and Hammerstein's famous musical shows, or tunes from the great masters can be heard on the Judson Campus. The songs are frequently interrupted by a loud voice demanding "Breathe! Give! Hold On! That's more like it!" This is not a Broadway Musical production in rehearsal, but the girls voice ensemble in session. One need not be a lusty soprano or throaty contralto to belong, but have the desire to sing for fun or just because she likes and enjoys music.

Christmas caroling is always popular. The girls are always ready and willing to be a part of the lower school pageants. The highlight of the year is Commencement, these songs are sung from the heart, a wealth of school memories sung to all who hear.

Cheerleaders

Melinda Merryweather, Merry Wells, Cindy Price, Linda Thode, Barbara Wood, Georgia Hathaway.

ALTHOUGH CHEERLEADING at Judson has just begun to reach its peak this year, the girls have done exceptionally well to create school spirit. During each game one may hear Judson's cheering section supporting their team with school yells or chants. But as we look beyond the crowd one can see five to six girls dressed in dark blue skirts and white sweaters on which is the Judson emblem. They are the Judson cheerleaders, they are the girls who keep up the enthusiasm, whether the game be a victory or loss.

Many of Judson's games have been played at different schools. Whenever it is possible, the cheerleaders go along to watch the players and back them until the end. This is their job and they have shown top interest in every way. Judson thanks the girls for giving her the support and enthusiasm essential to have a good school.

Pom Pon Girls

Jackie Michelson, Lynn Kersting, Anne Porteus, Phyllis Kiamy, Betsy Rockett, Nancy Vandegrift.

THIS YEAR, for the first time, Judson has Pom Pon girls. They perform at all athletic events, adding color and excitement. Dressed in the school colors, blue and white, the eight girls step high, wave pom pons and throw confetti for the entertainment of the teams and spectators. Before the game and during halftime they encourage school spirit and often help the team with a victory.

To perfect their style, rhythm and synchronization, they have worked very hard at practicing and drilling. For as natural as they look while doing their routines, it takes much effort and time to achieve this look.

The Pom Pon girls definitely enhance our team games, and we hope they will contniue for many years.

Art Department

JUDSON'S NEWLY formed Art Department has an aim of bringing to as many students as possible the enjoyment and benefits of an Art education. We are working in as many different mediums as possible; charcoal, pastel, water colors, ceramics and mixed media. When a student finishes High School we feel he should be able to choose his most proficient means of expression.

Oil painting is also made available to the students. The first prize that we brought back from the Arizona State Scholastic Competition was awarded an 8th grader on his third oil painting —the second prize went to an 8th grade girl for a water color and ink sketch of horses, one of the favorite subjects.

Well known local artists as Judges and trips at the Phoenix Museum keep us in touch with outside art interests. This is our first year for an Art Contest with prizes for outstanding work.

Lettermans' Club

THE VARSITY LETTERMEN of Judson School, banded together to form a club that proved to be the most popular and outstanding group of boys on campus.

You couldn't help but notice them as they were decked out in their flashy white sweaters with royal blue trim. Their president Robert Kelley did a fine job of organizing and setting up committees to plan parties, dances and other club functions.

The highlights of the year were initiation of new members and the spring dance.

Varsity Football

FOR THE FIRST TIME in its history, Judson School fielded a tackle football squad and underwent a highly successful season. There was doubt in everyone's mind concerning the squad, as they had very little time to get physically prepared. Many problems had to be overcome, and therefore, the season got off to a late start. However, the doubt and all the problems were forgotten as soon as the first game was over.

The Judson squad was an explosive squad capable of scoring from any place on the field. This bears out the fact that in three games the rushing yardage total equaled 854 yards. In passing, the total was 13 completions out of 24 attempts, or 54 per cent. The defensive potential of the Cougars was born out insofar as Judson scored 74 points to the opponents twelve.

Norman Bell led this year's squad in scoring and rushing. He scored four touchdowns and traveled 268 yards in 19 carries for a 14.1 average per carry. He was followed in scoring and rushing by Ron Grafton and Bob Kelley. Both boys scored two touchdowns each, with Grafton having 185 yards in 18 carries for a 10.3 average, and Kelley having 155 yards in 18 carries for an 8.6 average. Gary Wollenberg wound up the players in the 100 or more yards gained group by having 150 yards in 17 carries for an 8.8 average.

Making it possible for these boys to have such high averages, were the boys up front on the line. Mark Melby, Ray Sebastian, Vic Abrahams, Paul Groesse, Paul Wildman, and Richard Edesa were the mainstays and did a wonderful job all season. At the flanks, Russ Henry and Nick Clabaugh were excellent pass receivers.

The defensive unit was led by Bob Kelley, Russ Henry, Vic Abrahams and Ray Sebastian and opposing offensive players got to know them fairly well.

Being the first tackle squad, remaining undefeated, and the school having so much spirit with tremendous help from the cheerleaders, Pom Pon girls, and student body, are just a few of the things that will make this year at Judson, a year to remember for us all.

Varsity Basketball

THE COUGAR BASKETBALL TEAM at Judson this year was a team of ups and downs. At times they could play with anyone in the state, but inexperience took its toll and they wound up the season with a 4-5 win, loss record. Sandwiched in the record were two overtime defeats, one 5 point defeat, one 8 point defeat, and 2 losses to St. John's Indian School, who certainly proved what a good basketball team they were, by beating Phoenix Indian School 74-64. They, incidentally, were 2nd in the state last year. The highlights of the season were the 40-39 victory over Bagdad High School and the 42-17 victory over our friendly rival Orme Ranch. Bagdad held victories over two opponents who had beaten the Cougars.

Nick Clabaugh led the Judson squad in scoring with 121 points for a 13.5 average per game. He also led the team in rebounding with 150 grabs in 9 games. His performance earned him captain of the team. The most valuable player, picked also by the squad, was John Mac Allister. He was second in scoring although he missed one game. He had 88 points in 8 games for a 11.0 average per game. Although a guard, John was the leading rebounder the last three games of the season. Robert Kelley and Bob Mac Allister supplied the hustle and desire while George Draper and Gary Wollenberg were always setting patterns up and keeping the team on their toes. Hank Alrich, only a sophomore, was the second leading rebounder for the year.

Junior Varsity

THE J.V. BASKETBALL TEAM found little to cheer about this season as they only won 1 game and wound up with a 1-5 win-loss record. Lack of depth was a definite weakness of the squad. However, valuable playing time and experience were gained and out came the old saying, "Wait 'til next year!"

George Alrich was voted captain and most valuable player by his teammates. His hustle and desire were standouts and he never gave up. Ted Hoffman was the leading rebounder, while Jon Pepper led the team in scoring.

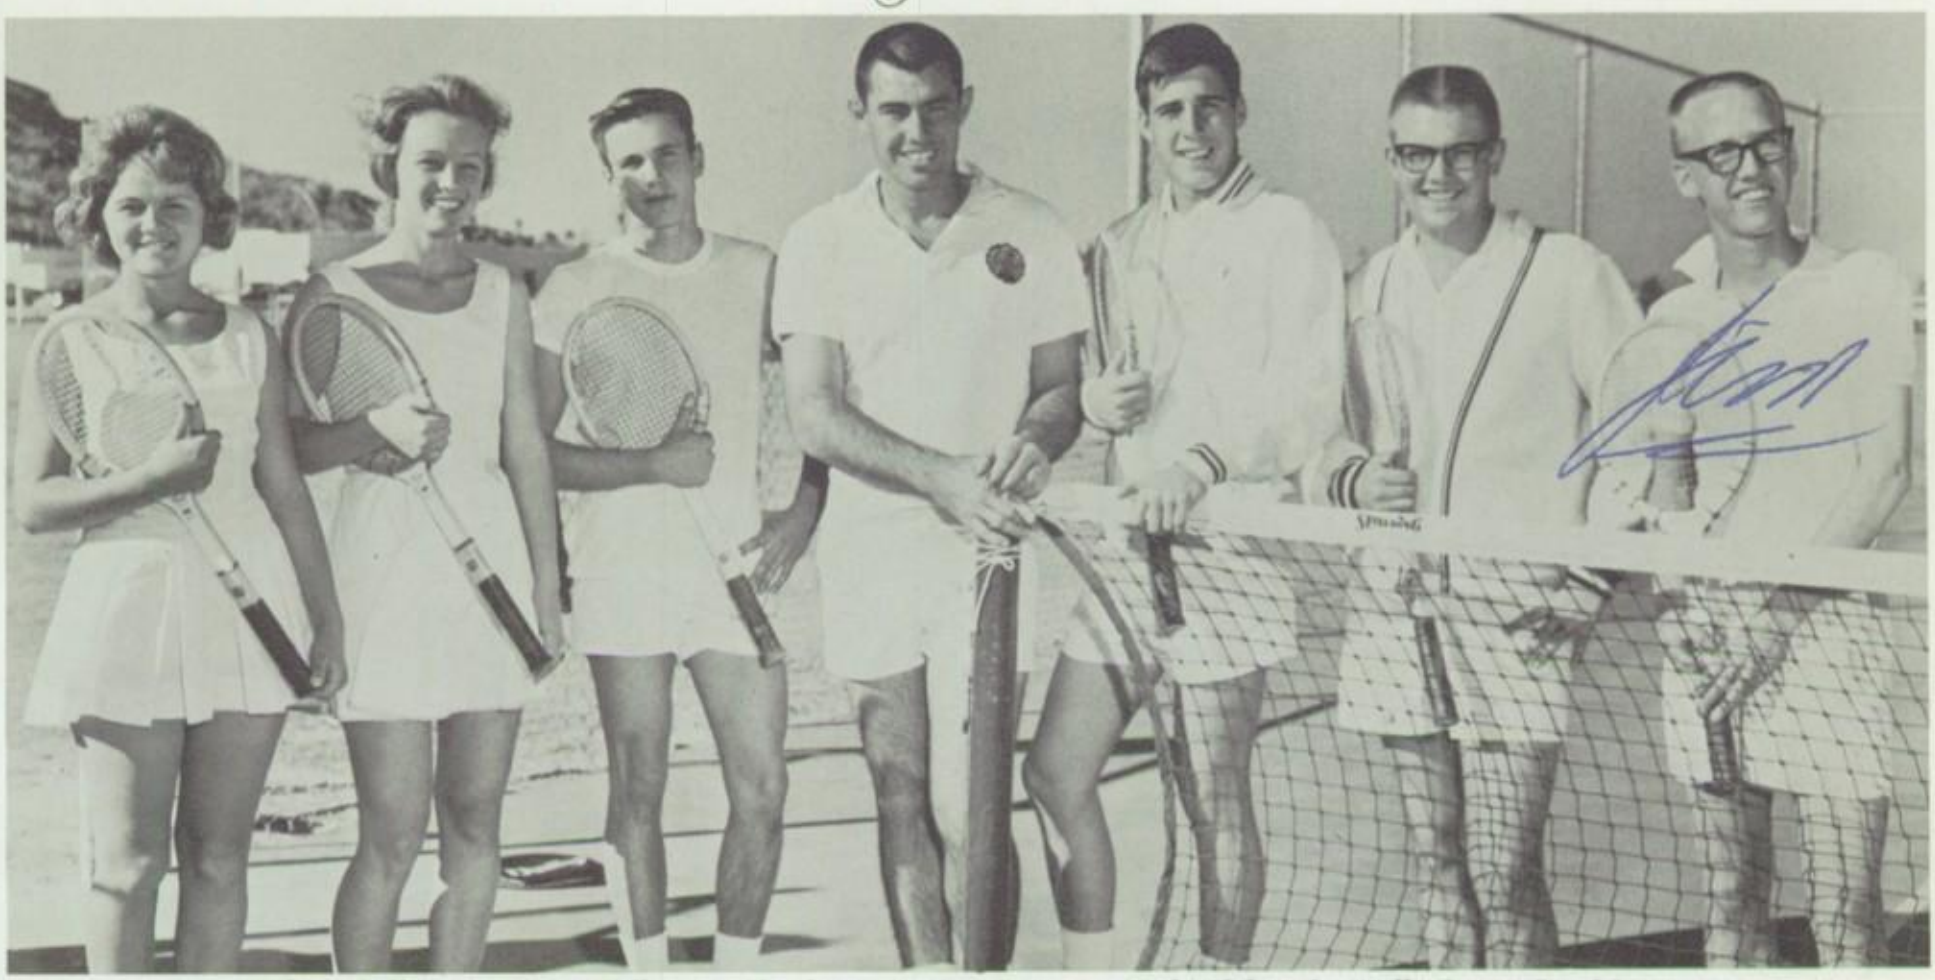
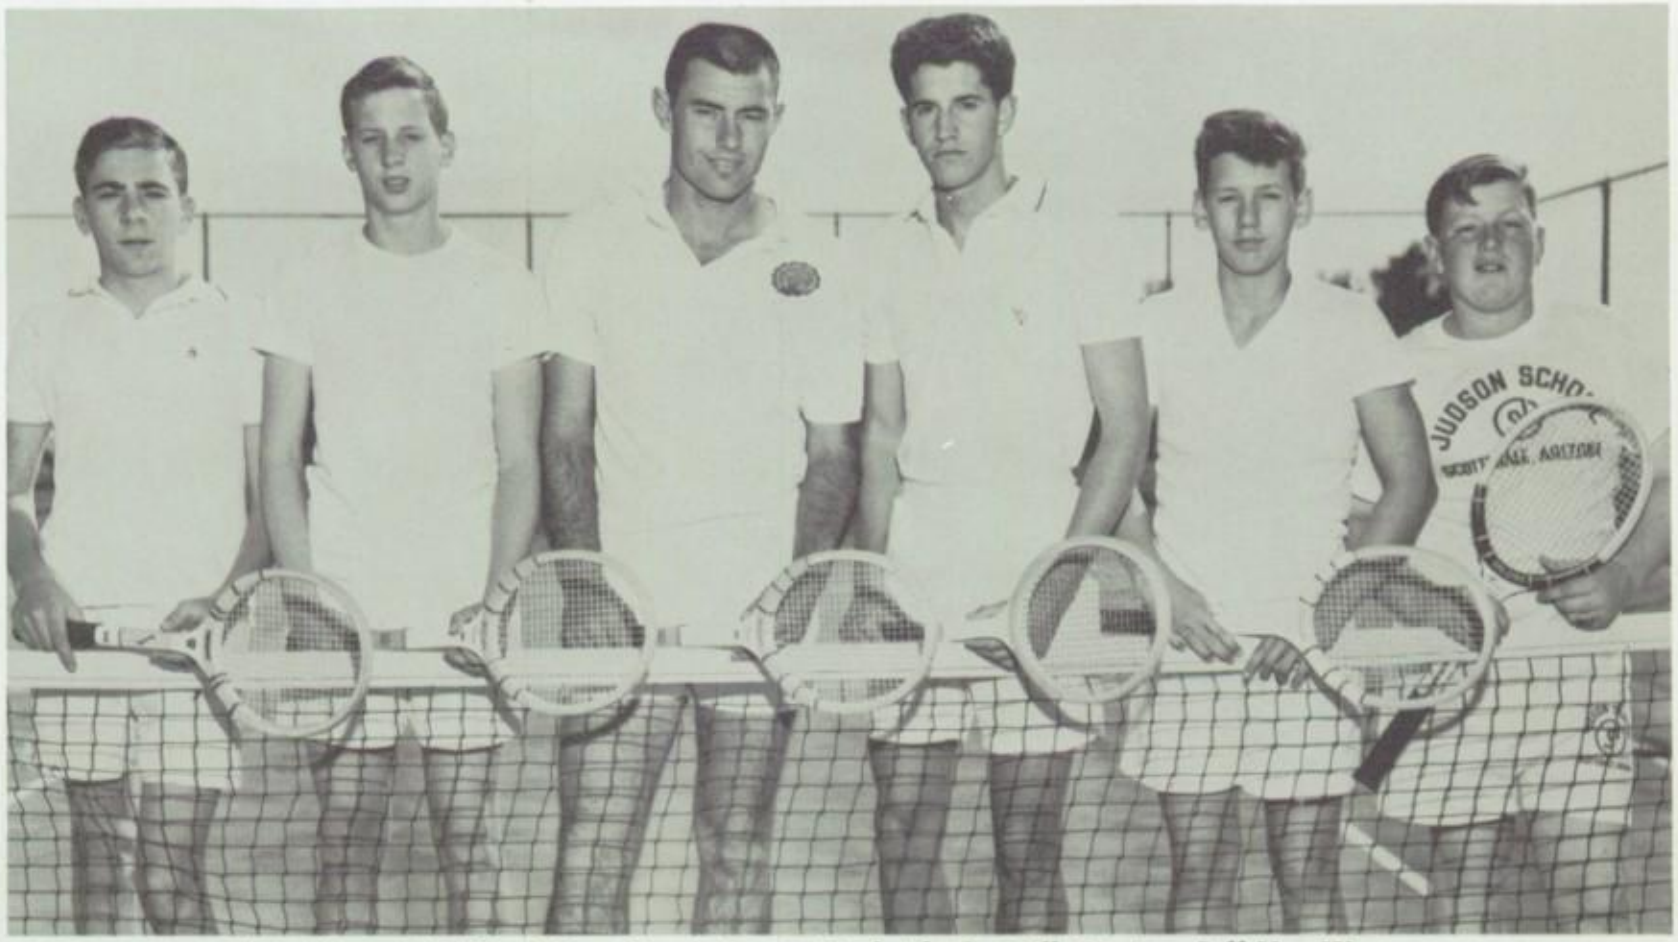
Tennis



Melissa Callaway, Laurie Callaway, Chuck Davis, Coach Yount, Nick Clabaugh, Wally Stone, Jim Moore



Alan Singer, Ted Goodridge, Coach Yount, Hank Alrich, Will Wooten, Jeff Van Wagenen

IN KEEPING with the tradition of Judson Tennis teams, this year's record should be excellent. The squad shows depth, skill, and a wealth of experience. Out of the squad of fifteen players, the first singles position is occupied by senior four year letterman, Jim Moore. Moore is ranked 5th in his home state, Texas, and is a "tennis great" here at Judson. In the second position, the team boasts attractive Laurie Callaway who is top seeded among junior girls in Arizona. Only a sophomore, Laurie is a standout in her game and is completing her second year of tennis at Judson. Senior Nick Clabaugh, a three year tennis letterman, is the strongest competitor in the third singles position. Senior Chuck Davis, Wally Stone, and Chuck Foster along with Freshman Will Wooten and Kurt Taylor are working to fill up the remaining positions.

Under the patient tutelage of Coach Bob Yount, the tennis team will undoubtedly extend its sterling tradition this year.

THE ROPING ASSOCIATION had a very good turn out this year. In all there were 23 members.

During the year, the association had several invitational roping matches with many of the top ropers from the Scottsdale area. These matches were for practice and also for the helpful hints given by the opponents.

This year's officers consisted of Dell Powell, who has for the past two years coached the roping team. Mike Lester was president, Dan Dyer Vice President, Vic Abrahams, Secretary-Treasurer, and Vern Playton and Fred Vordermeier were the judges.

Boxing

Mr. Mason, Paul Wildman, Russell Henry, Ray Rowley

THE JUDSON SCHOOL introduced boxing as a team sport for the first time this past October. The team was managed by Mr. Mason and was composed of three fine prospects, namely Paul Wildman, Russ Henry, and Ray Rowley.

All three boxers competed in the Arizona Golden Gloves tournament and did very well. Paul Wildman won one bout while losing one, which is very good considering the caliber of opponents he met. Russ and Ray also looked very good but were hampered by colds at the last minute.

Judson's future looks very bright with the return of Ray and Russ as mainstays and the other boys trying for spots on the team. Paul Wildman, a senior, contributed greatly to the team this year and will be sorely missed. Mr. Mason predicts great success for Russ and Ray and will be working hard to mold a larger and better team for next year.

Judson's Boxing Team Eyes 1961

THERE'S A NEW Arizona Golden Gloves team materializing for next year's season, and it's coming from the expanding sports program of Judson School in Scottsdale.

David Wick, headmaster at the exclusive private school, was a spectator at Phoenix Madison Square Garden last night and said he was "very pleased" with Judson's first Gloves entries, Paul Wildman and Russell Henry.

Wildman, a lanky middleweight, was impressive in outpointing Mike Wood. Henry, very strong in the first two rounds, tired to drop a split decision to West Side Club's Joe Martinez.

Wick disclosed afterwards that Judson has hired ex-Navy boxer Bob Mason as its ring coach — a first for the school that hitherto had specialized in polo, calf roping, fencing, and recently some baseball and football.

Judson soon may construct a gymnasium complete with ring. Wick said already six boys have expressed interest in joining the team.

Judson has another thing going for its new boxing program — namely Arizona heavyweight champion Zora Folley and his manager Bill Swift. Bill, a former student at Judson, and Zora may assist Mason in sharpening Judson's battlers.

The Rifle Team

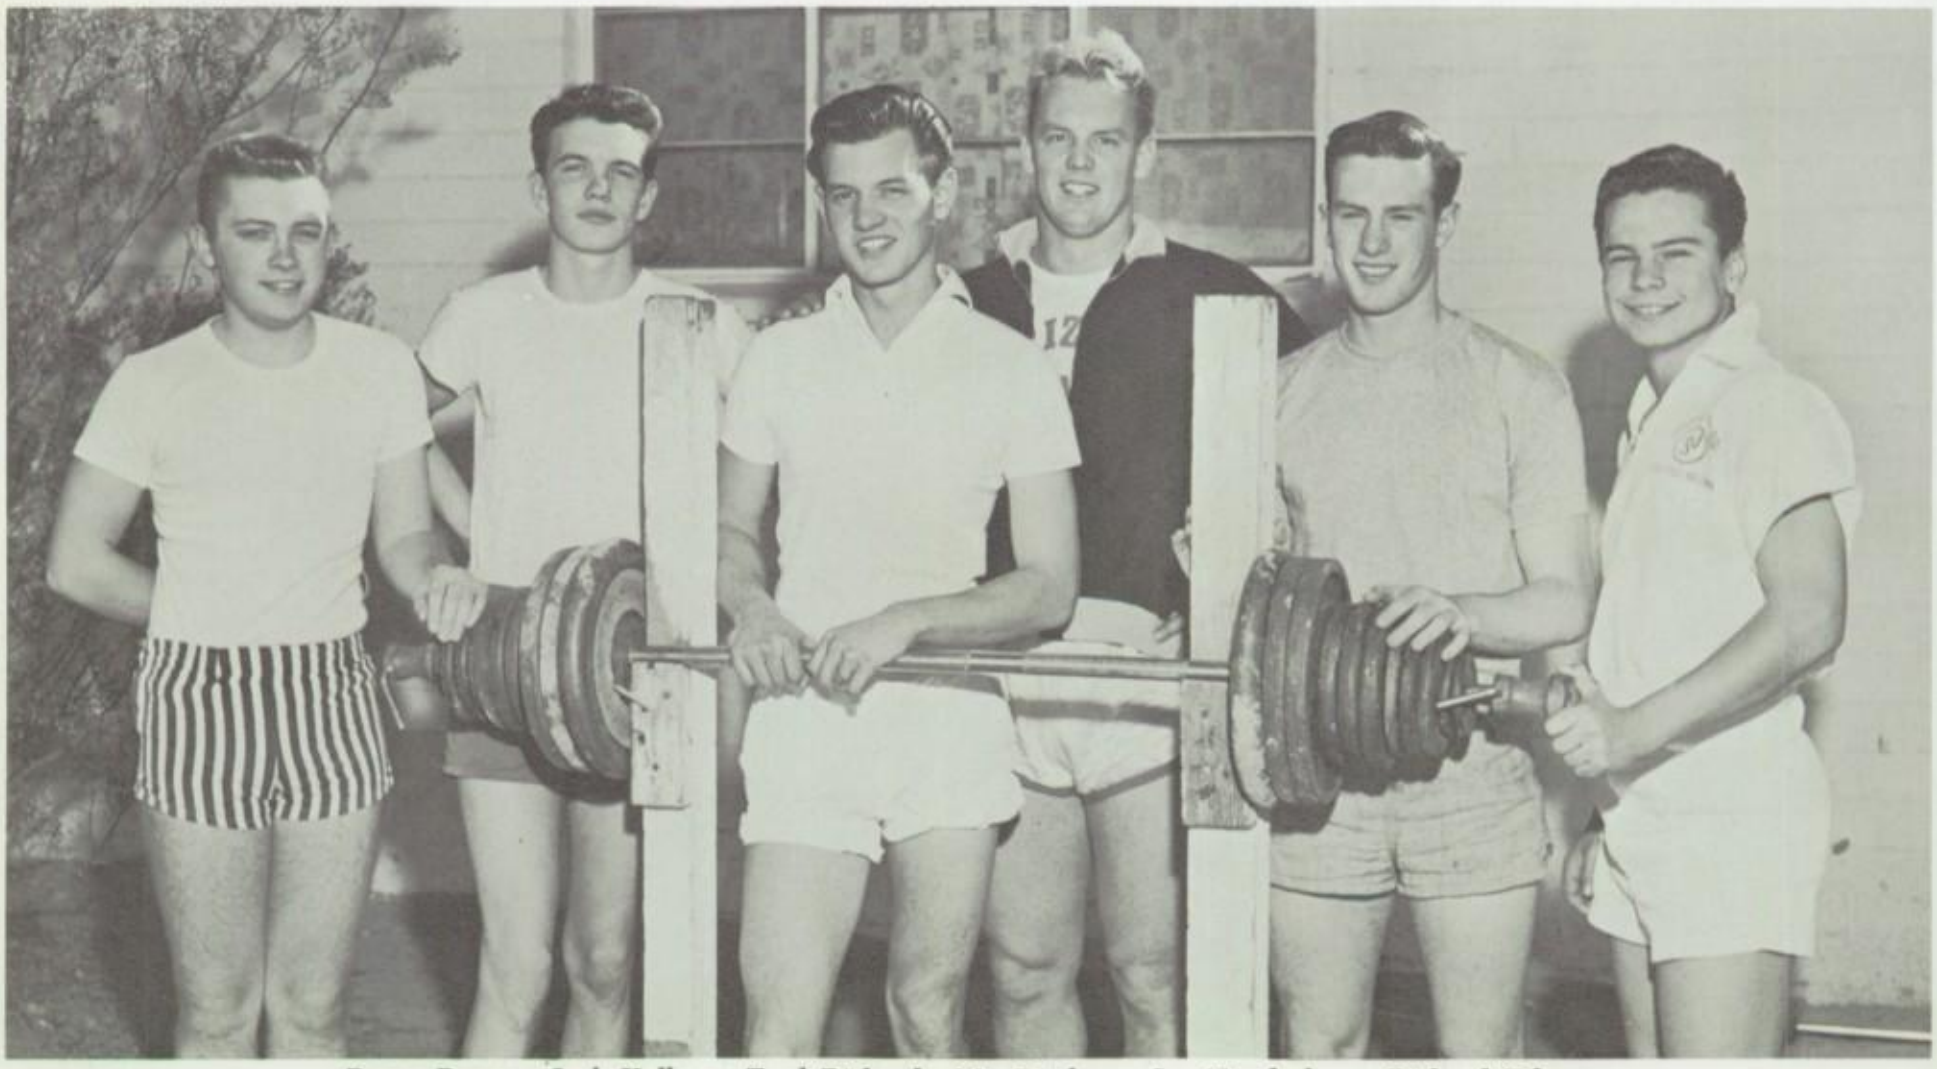
Standing — Bob Greenlease, Thierry Oliver, Doug Moores, Mike Horrigan, Ron Wechsler. **On Platform** — Eric Lufty, Bill Brown, Don Moore, Mr. Gileno, Leo Crum, Tom Culhane, Doug Kapp.

Mr. Gileno giving the boys a few tips on how to get a bullseye.

THE JUDSON RIFLE Team, headed by Mr. Gileno, has had a varied and interesting schedule th is year. In addition to matches with S.A.S. and other private schools, the members have shown a great interest in collecting and firing high caliber rifles. Even though most of the members are graduating seniors Mr. Gileno has high hopes for another fine rifle team next year.

Weightlifting

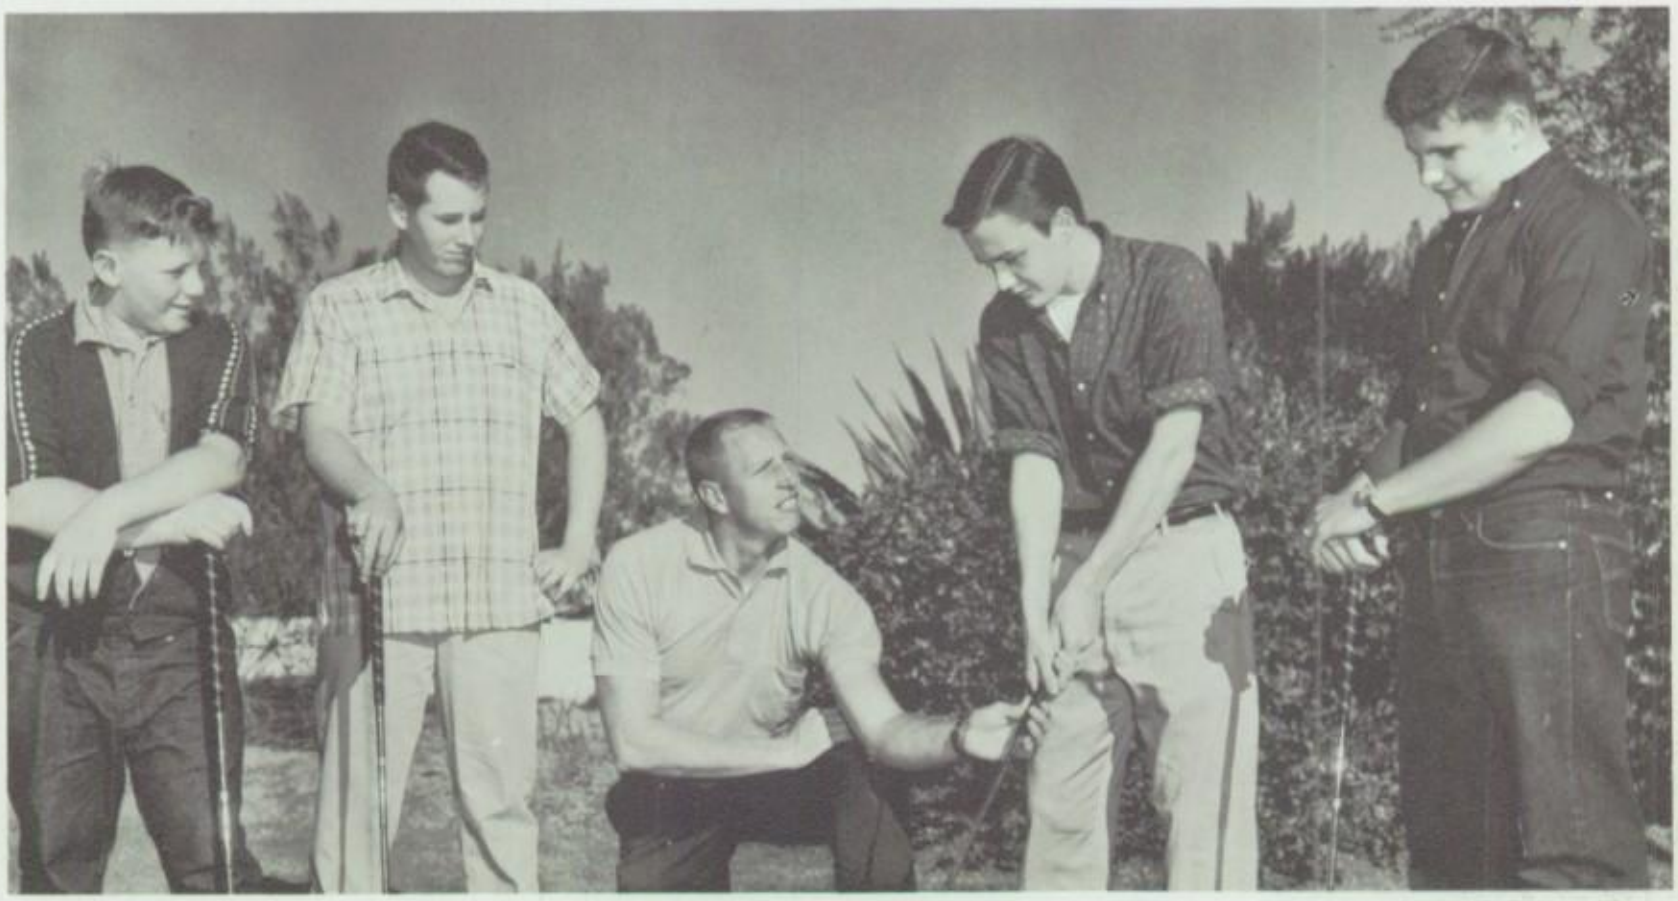
WEIGHTLIFTING, or the art of throwing a weight for height, distance, or accuracy, is becoming a popular sport at Judson. The boys have weights of various sizes and weights which they practice lifting under the capable direction of Mr. Lindroos.



Roger Brogan, Jack Kolberg, Fred Richards, Mr. Lindroos, Jay Funderburg, Richard Edesa.

Golf

Jack Stamm, Chuck Foster, Coach Watson, Roy Henderson, Jeff Van Wagenen.



JUDSON HAS four highly interesting students trying to smooth out their backswings, straighten out their slices and lower their golf scores on the 1961 golf team. The team has such standouts as Jeff Van Wagenen, a seventh grader who shoots in the low seventies. The coach is sure that this group of golfers will be one of the best in the school's history.

Judo

Front Row — John Florez, David Matthews, Jack Wyckoff, Jeff Wright. **Back Row** — John McCarter, Ed Mann, Richard Lentz, Jack Kolberg, Bruce Baldwin, Mr. Leininger.

JUDO CONSISTS of mastering coordination of the body to throw an opponent. In a match only one point is needed to win, however, during practice periods a fighter may be thrown as many as 150 times.

The Judson Judo Club has been formed under the professional instruction of Maurice Leininger, 2nd Degree Black Belt from France. The membership of the club includes the team consisting of one brown belt, five green belts, plus several beginners. The club has participated in contests including the Arizona State Championship.

Swimming

Juan Alea, Hank Alrich, Ben Southland, Terry Povah, Marcel Gros, Colin McKenna, Doug Rueben, Bob Kelley, Mike Aber.

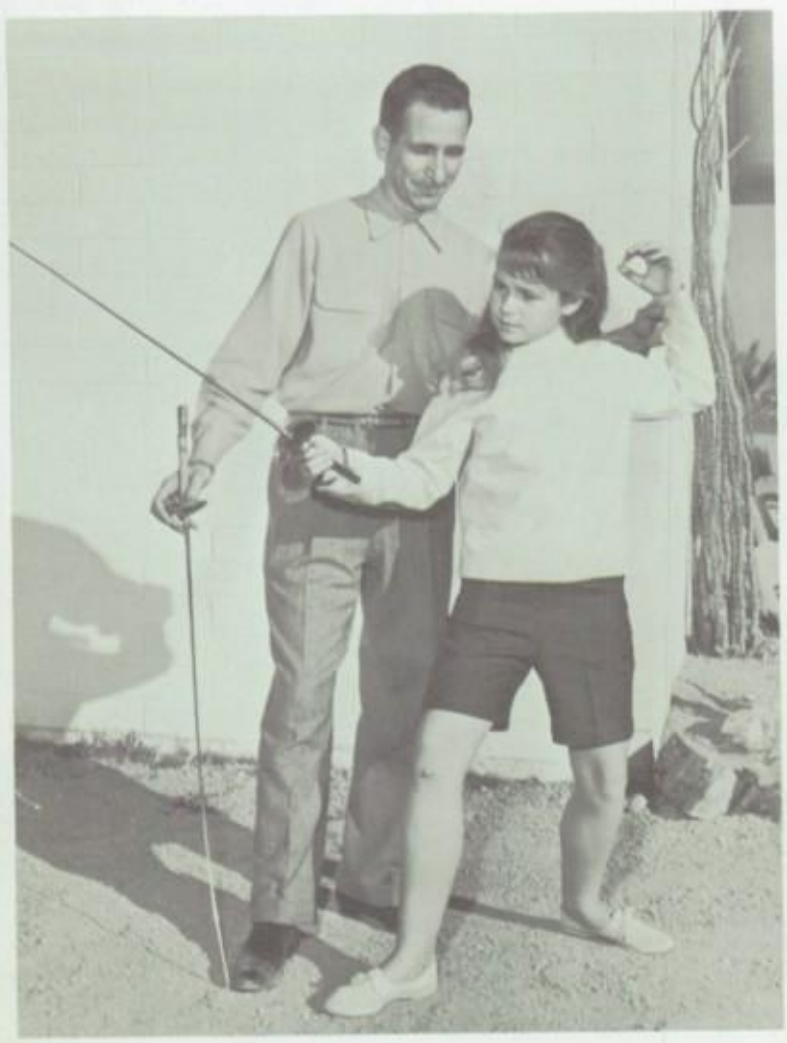
Love That Pool

JUDSON SCHOOL has many activities, but when warm weather comes, you can hardly find a student who isn't soaking in the sun, or enjoying the luxury of our beautiful swimming pool.

We also have some swimming meets with other schools for those who are interested and that have the competitive spirit.

Fencing

Front Row — Mike Hensley, Dick Hayden, Scott Barnett. **Back Row** — John Benua, Randy Priessman, Mr. Landreville, Jim Smith, Ralph Jarson.



ONE OF THE popular extra activities at Judson is fencing, under the coaching of Fencing Master Richard Landreville, formerly of Marseilles, France. This sport gives the participant a great many benefits in the line of poise, balance, timing, co-ordination, posture and self-assurance, according to the Fencing Master.

Mr. Landreville is division chairman (State of Arizona) for the Junior Olympic Fencing Committee of the U.S. Besides coaching at Judson, he has his own Academy in Phoenix.

Judson student, Scott Barnett of Phoenix, has well represented the school in local Amateur Fencing League of America competitions. He is number one on the Judson team.

Track and Field

Front Row — Mike Lester, David Crawford, Bill Beach, Tom Goodridge, Chris Anderson, George Draper. **Back Row** — Bob Kelley, Jack Lagergren, Jay Funderburg, Mr. Lindroos, Richard Riepe, Hobby Thompson, Travis Long.

MR. LINDROOS has high hopes for the Judson Track Team this year. The team has been bolstered mightily by experienced distance and dash runners, fast relay teams, and a group of boys who have a lot of guts. From a fine turn-out of hopefuls, a select few will carry the Judson colors in the various meets in which they will participate. The schedule this season is one of the most rugged in our history. However, the daily practice sessions witnessed by each member with the utmost enthusiasm will guarantee a fine showing for our school, no matter what the final outcome.

Junior High Sports

FOOTBALL — Front Row — Clark Smith, Jeff Van Wagenen, Eric Brazer, Johny Weatherly, John Florez, Brian Jackson, David Wick. **Back Row** — Gary Johnson, Richard Lentz, Ted Hoffman, Coach Youree, Coach Watson, Asa Teeter, George Alrich, Bill Dunlap.

BASKKETBALL — Front Row — Eric Brazer, Will Wooten, Steve Playton, Charles Simpson. **Back Row** — Doug Rueben, John Florez, Gary Johnson, Coach Youree, George Alrich, Asa Teeter, Ted Hoffman.

SOFTBALL — Front Row — Jay Wick, Charles Simpson, Steve Nichols, Jeff Stearns, Donn Parker. **Middle Row** — Will Wooten, Pete Erskine, Steve Playton, David Wick, Kurt Taylor, Jerry Louis, Eric Brazer. **Back Row** — Coach Youree, Colin McKenna, John Florez, Ted Hoffman, Asa Teeter, George Alrich, Doug Moores, Doug Rueben, Coach Watson.

THE JUDSON JR. High football team wound up a very successful season by gaining solid possession of 2nd place in their league. They only lost 1 game all season and that was to the league champs at Squaw Peak. They later fought them to a 0-0 tie in the last game of the year. Unfortunately Squaw Peak didn't lose another game either and that one game decided the championship.

Our record was 3 wins, 1 loss, and 2 ties. George Alrich, Ted Hoffman, Gary Johnson and Brian Jackson were key men in the backfield, while Asa Teeter and Will Wooten sparked the line.

AS THE YEARBOOK GOES to press, the Judson Jr. High Softball Team has gotten off to flying colors by beating Loma Linda 7-6 after being behind 5-0. Hopes are high for a league championship and if everyone comes through as expected, our prophecy will come out correct. Whatever does happen, this is an exciting team to watch with some exceptionally fine hitters. Expected to lead in hitting are Ted Hoffman, George Alrich, and Jeff Van Wagenen. Jeff Stearns leads the defense.

Girls' Sports

THE FIRST team sport last fall was volleyball for the Judson High School girls. After two weeks of school getting underway, we began to concentrate on choosing who should best qualify for the varsity team. This year the new rules stated that a team should be made up of either six or nine players. Six man is faster and a more skilled game than a nine man team. The latter offers more players to be active. During the school year we played both types. The season was successful with eight wins and four losses. The girls had a good time playing volleyball this year and expect even a better season next year.

Seated – Carolyn Dallis, Allison Scudder, Kathy Playton, Ellen Richards, Sally Dallis. **Standing** – Karen Brunk, Janis McElreath, Rika Aronson, Mrs. Anderson.

Front Row – Sharon Brunk, Karen Brunk, Chris Moody, Linda Thode, Barbara Wood, Beverly Heald, Georgia Hathaway. **Back Row** – Alex Kahn, Kay Galbreath, Jean Curtis, Mary May Zeilstra, Penny Youngblood & Pepper, Kathy Simpson, Virginia Wolfe, Pat Peterson, Sheila Fitzsimmons.

Track

WE HAVE BEEN very fortunate this year in having such a strong interest in track for the high school girls. It takes long hours, much practice and determination to make the track team. From 2:35 p.m. through 4:30 or later, the girls are working out. Broadjump, high jump, low hurdles and 50 yard, 75 yard dash are the most popular. A few girls have shown strong interest and ability in throwing the discus. The girls have been coached by a member of the Finnish Olympic Team; their training has been excellent. St. Joseph's Academy in Prescott, Paradise Valley High School in Scottsdale, and Wickenburg High School in Wickenburg are schools that have given us competition.

Front Row — Penny Youngblood, Cathy Ellis, Martha Seitz, Elizabeth Pierce. **Back Row** — Sharon McLanahan, Sandy Schmidt, Beverly Heald, Linda Thode, Joyce Klein.

Tennis

Front Row — Robin Marley, Laurie Callaway, Donna Russell, Lynn Kersting. **Back Row** — Vickie Rosenfeld, Barbara Dendahl, Nancy Vandergrift, Phyllis Kiamy, Phyllis Conn.

Basketball

THE BASKETBALL SEASON for the high school girls at Judson came through all right this year. Six wins, six losses, and a tie were the final results. The games varied from close ones, losing by one point, to winning by a point, and by a sixteen point margin. The varsity string was made from girls from various parts of the country. Texas, California, Illinois, and Canada were represented. Putting this group together really made quite a showing.

Front Row — Barbara Wood, Georgia Hathaway, Linda Thode. **Back Row** — Virginia Wolfe, Sherry Knox, Kathy Simpson, E. E. Moe, Penny Youngblood.

Front Row — Ron Grafton, Richard Hall, Terry Walker, Bob Mac Allister, Chuck Foster. **Middle Row** — Bob Moody, manager, Ted Hoffman, Richard Edesa, Bill Rosenthal, Tom Templeton, Chuck Davis, Bill Kornell, Bill Fowler, Manager. **Top Row** — Coach Youree, Gary Wollenberg, Jon Pepper, Jim Wilkins, Stu Groussman, Tim Ford, Nick Clabaugh, John Mac Allister, Ray Sebastian, Coach Watson.

Baseball

SPRING CAME and so did the Cougars. Baseball practice found thirty-five boys trying to make a twenty three man squad that was looking forward to playing a ten game schedule.

They worked hard and were rewarded with the thrill of playing on a beautiful new field in brand new uniforms. The hopes of the 1961 squad are high, as spikes dig into the turf and balls sail through the air and the coaching staff is confident that when the dust clears the Judson "9" will be home safe with a fine record.

BOB BARRY

Dear Mom,
I'm sorry I haven't written
sooner but I've been so busy
with school and work. I'm
looking forward to coming
home for Christmas and
seeing you all. I've been
thinking a lot about the
past few years and I
realize that I've been
very selfish and
inconsiderate. I've
been so caught up in
myself that I haven't
even stopped to think
about how you must
feel. I'm sorry for
the way I've acted
and I hope that
you can forgive me.
I've been seeing a
counselor and he's
been helping me
to understand
why I've been
acting the way
I have. I'm
working on
changing
and I hope
that you
will see
the change
when I
come
home.
I love you
very much
and I'm
looking
forward
to seeing
you soon.
Love,
Chris
